Academic Events

- **Interactive studio classes** form the core of architectural education at ISArch. These studios foster design thinking, creativity, and experimentation, allowing students to explore innovative ideas.
- **Group discussions, seminars, and reviews** are integral to the curriculum, helping students sharpen their analytical abilities, articulate design ideas clearly, and engage in constructive critique.
- To broaden academic exposure, ISArch regularly organizes **online expert lectures, panel discussions, and interactive sessions** with eminent architects, planners, academicians, and industry professionals from both national and international platforms.
- ISArch students actively participate in **NASA (National Association of Students of Architecture)** and **ZONASA** conventions and competitions. NASA is a premier student body for architecture in India and is recognized by the Council of Architecture (CoA), New Delhi.
- ISArch organizes immersive architectural study tours to enhance experiential learning. The **2025 study tour** covered historically and architecturally significant sites including **Badami, Aihole, Pattadakal, Bijapur, and Hampi**.

Cultural and Sports Events

Community spirit and sportsmanship are reinforced as students participate, cheer, and collaborate in a variety of sporting and cultural programs, helping develop leadership, resilience, and college pride.

- **Year-round cultural and sports events**
- **Cultural activities**
- **Indoor games**
- **Outdoor sports**
