Site visit to GOLCONDA

Batch 2019-24, 7th Semester, IV year

Date: 24th August 2022

Twenty students of batch 2019-24 of, 7th Semester, IV year were accompanied by 2 faculty members for studying the Golconda-Shaikpet Precinct as a part of their AR7.1PC Architectural Design studio on 24TH August, 2022. The studio program focuses on understanding connection between the two- memory + city, which would be analyzed, tested, experimented in a materialized form intimately tied to everyday life in Golconda-Shaikpet precinct. While on visit, students aimed to study and document the precinct covering the aspects like context and site setting, designated areas, listed buildings, spatial analysis and movement pattern, building use and age, landmarks and monuments, open space mapping and vegetation, activities and services. The students used this documentation for analysis for the precinct area for giving design proposals and interventions.
