The ICFAI Foundation for Higher Education, Hyderabad

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be University established under Section 3 of UGC Act, 1956.

IFHE's comprehensive student-centric learning approach provides relevant knowledge, imparts practical skills and inculcates a positive attitude among the students.

Today, IFHE is one of the largest multi-disciplinary universities in the country. The Faculty of Management, Faculty of Science and Technology, and Faculty of Law are the three main building blocks of the university along with ICFAI School of Architecture, ICFAI School of Social Sciences and Centre for Distance & Online Education. IFHE has been permitted by the Ministry of Education, Government of India, to start an Off-Campus Centre at Bangalore, Karnataka.

The University is a member of the Association of Indian Universities (AIU) and the Association of Commonwealth Universities (ACU). The University offers students the best and updated curriculum and trains them for rewarding careers. It promotes a culture of research that advances knowledge in the fields of management, technology, and law.

ICFAI LAW SCHOOL, Hyderabad

The Faculty of Law commonly known as ICFAI Law School is a constituent unit of the ICFAI Foundation for Higher Education (A Deemed-to-be University) established under Section 3 of UGC Act, 1956, located in the lush green environment in the vicinity of historical city of Hyderabad.

Today's legal profession needs a distinctive, well-qualified, analytical legal professional with academic excellence and practical exposure to address complex challenges posed by ever changing business environment. The ICFAI Law School, with excellent and continuous teaching and learning process, student centric and industry friendly dynamic curriculum and real life exposure provides best in class, legal education to the student and carving them to market ready legal professionals out of mediocre student who desires of making law as the dream career.

The ICFAI Law School endeavours with diversified teaching methodologies, internships, industrial interface and networking with professionals, excellent placements and career oriented trainings, class of art infrastructure facilities and learning environment, throws out open platform for students of all walks of life to acquire required knowledge and accomplish their goals. It provides a blend of theory and practice, law, management, humanities and technology in 360 degrees learning model to equip the students for 21st century challenges. It also strives to inculcate the habit of continuous learning, promote social causes, and implant advocacy skillsets exponential professional expertise.

The ICFAI Law School offers UG Programs BBA-LLB (Hons), BA-LLB (Hons), BAJ-LLB (Hons) (Five-year integrated full time programs), PG Programs (One-year campus based full time programs) and Doctoral Program (Full-time and Part-time programs) and Certificate Programs. All the UG programs offered by the ICFAI Law School are approved Bar Council of India and other programs are in accordance with the UGC norms.

About Faculty Development Program

The present-day legal world is undergoing a profound transformation. The expectations of legal professionals have never been greater, due to the pervasive impact of fast-paced technological changes, globalization, shifting institutional structures, and social developments. Law schools must consider changing the way they teach if they are going to prepare the next generation of lawyers, advocates and policy makers. The traditional, one-way teaching style of “he said-she said” is out dated; the modern legal classroom must be an active, student-centered, critical and with problem-solving environment.

This is an intensive One Week Faculty Development Program (FDP) specially designed to equip social science scholars and legal educators with the strategic tools and practical methods to help them deal with this change. The core of this program is the use of frameworks of Outcome Based Education (OBE), where the emphasis in education is placed on what students learn, understand and can demonstrate rather than what they are taught.

The participants will immerse themselves in the process of designing the institutional curriculum and how to connect abstract legal theory and reality to professional practice. Discussion will be on the challenges of their application in various fields of law, from the basic criminal and corporate law to the newer and interdisciplinary studies of AI, cyber governance or interdisciplinary socio-legal studies.

This FDP is hands-on and collaborative with a focus on the practice of imbibing life long learning. Faculty will develop strategies for building sound, clear measures for assessment, update the classroom experience, and develop quality assurance measures that satisfy national regulatory requirements and international academic standards.

Objectives

To understand OBE: Break down the key elements of OBE and understanding specific assessment methods.

To innovate Pedagogy: Incorporate experiential and collaborative approaches to teaching in modern legal and interdisciplinary courses.

To improve assessment measures: Offer actionable approaches to match classroom assessments to stated learning targets.

To support Faculty: Develop a forum for faculty discussions on law, technology and social sciences.

Themes of the FDP

The program will explore innovative pedagogical tools, curriculum design, and mapping across the following key domains:

Core & Emerging Legal Frameworks

- Criminal Laws: Transitioning to modern statutory frameworks and teaching clinical advocacy.
- Cyber Laws & Data Protection Laws: Addressing algorithmic governance, privacy compliance, and digital evidence in the classroom.
- AI & Intellectual Property Rights: Navigating the intersection of generative AI, green patents, and evolving IP regimes.

- Environment Law & Forest Law: Integrating sustainability goals and climate litigation into legal pedagogy.
- Corporate & Commercial Law: Teaching business responsibility, sustainability reporting, and corporate governance through case-study methods.

Interdisciplinary & Specialized Studies

- Gender Studies: Applying feminist jurisprudence and intersectional frameworks to core legal subjects.
- Alternative Dispute Resolution (ADR): Simulating real-world mediation, negotiation, and arbitration in a classroom setting.
- Law & Management: Analyzing corporate strategy, regulatory compliance, and organizational behavior.
- Law & Journalism: Examining media ethics, free speech, misinformation, and the legal parameters of digital journalism.

Academic Foundations

- Research Methodology: Teaching advanced qualitative and quantitative legal research tools, citation management, and research ethics.

Learning Outcomes

- Design comprehensive course handouts and curricula mapped strictly to OBE guidelines.
- Implement innovative teaching techniques like the case method, simulation exercises, and flipped classrooms.
- Formulate balanced evaluation rubrics that accurately measure student performance against defined outcomes.
- Contribute to and guide high-impact legal and interdisciplinary research using modern methodologies.
