

An Inspiring Interaction with the Pro Vice Chancellor

We were honored to welcome Prof. Elizabeth Rose, Pro Vice Chancellor, ICFAI Foundation for Higher Education to ISArch.

During her visit, we had the opportunity to showcase our department, academic environment, student work, and ongoing initiatives. The interaction was both encouraging and insightful, reflecting our shared commitment to excellence in architectural education.

We are grateful for her visit and look forward to continuing our journey of nurturing future architects through innovation, creativity, and academic excellence.

Event Date: 15/06/2026
