

## Ph.D. Scholar Presents Research at International Conference in the Maldives

We are pleased to share that Juhi Singh, a Ph.D. scholar from the Department of Economics, ICFAI School of Social Sciences, ICFAI Foundation for Higher Education (IFHE), Hyderabad, presented her research titled "**The Role of the Agricultural Sector and Its Sustainability in India**" at the **31st International Input-Output Association (IIOA) Conference**, held at **Villa College, Malé, Maldives**, from **6th to 11th July 2025**. The conference brought together researchers, academicians, and policy experts from across the globe to discuss recent advancements in input-output analysis and its applications in economic and environmental research. Juhi's participation provided a valuable platform to showcase her work and interact with the international academic community. The conference featured keynote addresses from distinguished professors including **Prof. Bob Koopman**, **Dr. Jing Meng**, **Dr. Mahinthan Joseph Mariasingham**, and **Prof. Yasuyuki Todo**, offering important perspectives on global sustainability and development using IO Analysis. As part of the event, Juhi also attended a training module conducted by **Dr. Casiano Manrique** at the **13th International School of Input-Output Analysis (ISIOA)**, where she received practical exposure to **Computable General Equilibrium (CGE) Modelling** — a key tool for policy simulation and sustainability research. She extends her sincere thanks to **IIOA President Mr. Sanjiv Mahajan**, **conference organizer Mr. Christof Paparella**, and **ISIOA head Prof. Luis E. Pedauga** for their support and coordination. She also acknowledges the encouragement and guidance received from the **Department of Economics, ICFAI School of Social Sciences, IFHE Hyderabad**, which played a crucial role in enabling her participation. This achievement reflects IFHE's continued emphasis on promoting research excellence and global academic engagement.

MALDIVES 2025

**31ST INTERNATIONAL INPUT-OUTPUT ASSOCIATION CONFERENCE  
AND  
13TH EDITION OF THE INTERNATIONAL SCHOOL OF I-O ANALYSIS**

6 -11 July 2025 , Malé, the capital city of the Maldives
