

Legal Aid Society

ICFAI Law School, Hyderabad

The Legal Aid Society of ICFAI Law School, IFHE, Hyderabad, hosted a speed mentoring program on environmental protection at Chaitanya Junior College in Shankarpally, Ranga Reddy District, on October 26, 2024. The event aimed to raise awareness about environmental issues among young minds, attracting approximately 120 students from the 11th and 12th grades, along with Principal Mr. Yadagir Reddy and several faculty members.

The program commenced with a speech by Dr. K.V. Ravi Kumar, who elaborated on various laws pertaining to environmental protection and sustainable development goals, underscoring the importance of preserving our environment. A mime act performed by Priyanka and her team from the Legal Aid Society creatively demonstrated ways to protect the environment, emphasizing that planting a tree would yield benefits for future generations instead of spending money on sweets and fireworks for birthdays and festivals.

A poster presentation by Himaja and Sri Vaishnavi also focused on citizens' fundamental rights and responsibilities, particularly highlighting the causes of environmental degradation and how young minds can contribute to its protection and preservation.

The event also featured an engaging team-based environmental game conducted by Suryanjali, Sneha, and Anjali, which involved matching environmental problems with their corresponding causes, consequences, and solutions. The best teams were invited to present the environmental issues they had explored. The students participated enthusiastically, gaining a deeper understanding of their responsibilities toward environmental protection. Dr. S. Kannan and members of the Legal Aid Society of ICFAI Law School organized this informative event.

The event was published in Deccan Vision news media.

ICFAI Law School's Legal Aid Society Conducts Environmental Awareness Program at Shankarpally

DECCAN NEWS SERVICE
RANGAREDDY

The Legal Aid Society of ICFAI Law School, IFHE, held an engaging speed mentoring program on environmental protection at Chaitanya Junior College in Shankarpally on Saturday. The initiative aimed to foster awareness and responsibility toward environmental preservation among students. Approximately 120 students from grades 11 and 12 attended, joined by Principal Mr. Yadagir Reddy and several teachers.

The program began with an address by Dr. K.V. Ravi Kumar, who discussed environmental laws and sustainable development goals, emphasizing the vital role of protecting the environment. This was followed by a mime act led by Priyanka and her team, illustrating simple ways to contribute to environmental preservation, such as planting

trees instead of buying sweets and fireworks for celebrations, an act they described as a gift to future generations.

Further emphasizing citizen responsibility, students Himaja and Sri Vaishnavi presented posters detailing citizens' rights and duties, focusing on the impact of environmental damage and actions young people can take to protect nature.

The event also featured a unique game activity led by Suryanjali, Sneha, and Anjali, which encouraged students to connect environmental issues

with their causes, impacts, and potential solutions. Teams with the best solutions shared their insights, allowing students to engage deeply with real-world environmental challenges.

The students showed enthusiastic participation, gaining a better understanding of their role in environmental stewardship. Organized by Dr. S. Kannan and the Legal Aid Society team, the event was a meaningful effort to inspire young minds toward environmental responsibility.
