Mr.P.Madhava Reddy
Cyber Warrior

23rd, Jan 2025

FST Auditorium

3:30 PM

Event Name: Awareness Program on Cyber Frauds & Cyber Crimes

Speaker: Mr. P. Madhava Reddy (Cyber Warrior)

Date: 23rd January 2025

Time: 3:30 PM

Venue: FST Auditorium

Key Highlights of the Event:

Speaker's Insights:

Mr. P. Madhava Reddy explained various forms of cyber frauds, including:

- × Phishing scams and how to identify fraudulent emails.
- × Online financial frauds and secure banking practices.
- × Social media threats and privacy settings for better security.

Objectives of the Event:

The program was designed with the following key objectives:

- To spread awareness about cyber frauds and cyber crimes.
- To educate participants on common cyber threats and how to recognize them.
- To provide practical safety tips for secure online practices.
- To encourage responsible digital behavior among students and faculty.

Interactive Session & Q&A:

The session included an engaging Q&A segment, where participants raised their cybersecurity concerns.

Real-world case studies were discussed to provide practical insights.

Attendees learned how to identify and report suspicious online activities.

Best Practices for Cyber Safety Mr. Reddy emphasized the importance of:

- ×Using strong passwords and enabling two-factor authentication.
- ×Avoiding unknown links and emails that may lead to scams.
- ×Keeping software and systems updated for enhanced security.

Conclusion:

The Awareness Program on Cyber Frauds & Cyber Crimes was a successful and insightful session, with active participation from students and faculty. Attendees gained essential cybersecurity knowledge, making them more aware of digital threats and ways to prevent them. The session contributed to creating a cyber-aware community, ensuring safer online practices for everyone.
