

Alumni Meet 2022

From the Director's Desk

The Alumni Relations Cell (ARC) of ICFAI Tech Hyderabad has evolved remarkably over the past several years, growing from a passionate student initiative into a thriving ecosystem that connects thousands of alumni across industries, continents, and generations. Between 2022 and 2025, ARC has not merely organized events – it has created experiences. It has transformed ordinary interactions into meaningful connections and built traditions that continue to shape the spirit of the institution. These four years witnessed a profound shift in how alumni engagement is perceived on campus. **Alumni Meets** became celebrations of shared roots and collective pride. High-impact **technical workshops** turned into gateways for students to explore the world of artificial intelligence, cybersecurity, and emerging technologies. The Talk Series brought back accomplished professionals eager to give back through guidance, clarity, and hard-earned wisdom. The Coffee Chats created intimate spaces where students and alumni could sit together, not as speakers and listeners, but as individuals sharing journeys, vulnerabilities, and dreams. And through all of this, the the ECHO alumni magazine became the archive – a living record of voices, stories, milestones, and moments that define the ICFAI Tech community.

Dr. K.L.Narayana

Director

ICFAI Tech, Hyderabad

This magazine is more than a compilation of activities. It is a tribute to the alumni who return with pride, to the students who learn with curiosity, and to the institution that continues to inspire both. It documents not just events, but the emotions behind them. Not just achievements, but the paths taken. Not just connections, but the culture of belonging that has grown stronger with every passing year. As you turn the pages of this edition, you will journey through four transformative years of **ARC** – years marked by innovation, collaboration, celebration, and heartfelt human connection. May these stories remind us of where we come from, where we stand today, and the possibilities that lie ahead.

The Alumni Meets at ICFAI Tech go beyond reunions - they symbolize gratitude, continuity, and the timeless sense of belonging that alumni retain for the institution. Over the years, these meets have evolved into immersive celebrations featuring nostalgia, mentorship, discussions, cultural showcases, and collaborative sessions.

This section provides an expanded narrative of the Alumni Meets conducted across three years - 2022, 2024, and 2025.

**A Legacy of Connection,
Celebration & Community Building**

ALUMNI MEETS

2022 marked a historic moment for the ICFAI Tech community. After several years of virtual events and pandemic-induced distance, the campus once again opened its gates to the echoes of old laughter, warm handshakes, and heartfelt reunions. The 2022 Alumni Meet wasn't just an event – it was a homecoming. The campus buzzed with excitement as graduates from a wide range of batches returned, carrying stories of their professional journeys and personal growth. For many, it was their first time seeing the campus after years of change. For others, it was an emotional walk down memory lane.

Highlights of the Meet

- Reconnecting Generations: Alumni shared experiences about transitioning from college to corporate life, navigating challenges, and embracing opportunities.
- Interactive Networking Corridors: The event emphasized informal interactions, allowing students to seek mentorship directly from alumni.
- Open Discussion Zones: Alumni addressed career-related queries from students, covering domains like IT, finance, analytics, consulting, research, and entrepreneurship.
- Cultural Interlude: Performances by student clubs brought entertainment, nostalgia, and campus energy to life.
