General

• **IQAC Agenda Papers**

The information required for the statutory meetings should be submitted three weeks in advance. This will enable the preparation of the agenda papers well in advance and thereby facilitate e-mailing the soft copies to all the members.

• **Ph.D**

The UGC Regulations 2016 are in force from 5th May 2016. The University needs to draft one single PhD regulation for all the faculties.

• **Student Activities**

Student Activities to be captured exclusively in the agenda papers including seminars and workshops.

Faculty of Management

• **Research Publications**

To publish the papers presented at conferences hosted by IBS Hyderabad in the form of conference proceedings / compendium of selected papers.

Faculty of Science and Technology

• **Research Publications**

Each Faculty member to publish at least one research paper each in an international and national journal.

Faculty members should be encouraged to convert the seminar paper into conference paper and further develop it into a research publication.

Learning Resources

Take steps to digitalize the Library.

Any other Items

• **R & D Center**

To explore the possibility of establishing an R & D Center at the University level.

• **Chair**

Explore the possibilities of establishing a Chair in Banking Investment and Management.

25.05 Any other Item with the permission of the Chair

Nil.

The 5th International Conference on Applied Econometrics (ICAE-V) in collaboration with The Indian Econometric Society (TIES), New Delhi, was conducted during July 22-23, 2016. The details are presented below:

Sl. No.	No. of participants	No. of papers Received	No. of Papers Accepted	No. of Papers presented	Papers Presented from IFHE	Remarks	Eminent Participants
1.	74	95 (including 4 participants from UK, Germany, Tanzania and Oman)	63 (including 3 participants from Germany, Tanzania and Oman)	54	3	–	<p>Prof. K L Krishna, Former Professor, Delhi School of Economics and former President, The Indian Econometric Society (TIES),</p> <p>Prof. Bandi Kamaiah, Professor and Dean, School of Economics, HCU and Current President, The Indian Econometric Society (TIES)</p> <p>Dr. V. Subramanyam, Director, Directorate of Economics and Statistics, Telangana Government.</p> <p>Dr. C Rangarajan, Chancellor, IFHE and former Governor, RBI.</p>

The fifth edition of the International Conference on Applied Economics received 95 papers from several international and Indian universities and research institutes of repute. Of these, 54 papers were presented. The technical sessions were arranged in various areas such as economic growth and development, industrial economics, international economics, financial and monetary economics, agriculture, health and the environment. In the inaugural address of the conference, Prof. K L Krishna, former Professor and Director, Delhi School of Economics and Chairperson, Madras Institute of Development Studies spoke on '*Credibility Revolution in Applied Econometrics*'. He traced the evolution of econometrics over the years and said that in India the progress of econometrics has been remarkable, and The Indian Econometrics Society (TIES) had contributed immensely to the development of econometrics in the country. Prof. Krishna said that in the last three decades there has been an improvement in the use of applied econometrics and called for encouraging

theoretical work in the area. The guest of honor, Prof. Bandi Kamaiah, Dean and Professor, School of Economics, University of Hyderabad and President, The Indian Econometric Society, said that with globalization, availability of high frequency data and high-speed computers, econometrics has progressed rapidly. In his welcome address, Dr. J Mahender Reddy, Vice-Chancellor of the University, highlighted the enormous contribution of Prof. Krishna to the field of econometrics. He mentioned that Prof. Krishna has guided many scholars, and has been a source of inspiration to students and scholars. He thanked TIES for collaborating with IBS for the conference.

Dr. Rangarajan, former Chairman, Economic Advisory Council to the Prime Minister, former Governor of Andhra Pradesh and former Governor of Reserve Bank of India and the Chancellor of ICFAI University delivered a special address. He said that, with the new directions that data processing is taking, the areas in which economics and econometrics are applied has been growing into diverse fields. He also said that statistics as a discipline is on the threshold of far reaching changes. Though big data has arrived, big insights are yet to arrive, Dr. Rangarajan stated. Indicating areas for economists to explore, he said the relationship between the real sector and the financial sector is an area that can be explored. Another area he suggested was the effect of real effective exchange rate on exports. '*Big Data's ascendancy*' will bring about a shift in the way data is analyzed. Therefore economists and econometricians should study big data instead of leaving it to other specialists," he said.

The valedictory address was given by Dr. V. Subramanyam, Director, Directorate of Economics and Statistics, Telangana Government.

We are in discussion with Springer to come up with an edited volume with selected papers presented in the conference.

			<p>platforms is closely linked to the concept of network effects: The more products or services it offers, the more users it will attract. Scale increases the platform's value, helping it attract more complementary offerings, which in turn, brings in more users, which then makes the platform even more valuable... and on and on and on.</p> <p>Four types of Platforms exist – Innovation Platforms such as Google Android, Transaction Platforms such as Amazon, Integration Platforms such as Alibaba and Investment Platforms such as Priceline.</p> <p>Objectives : To encourage industry and participants present business ideas, concept papers, case studies and working papers in the area of Shared Services/ Platform economy – The 7th ICOMBS plans to attract executives and managers from platform/ shared services aggregators like Ola, Uber, Oyo, Swiggy, FoodPanda, Paytm, AirBnB, etc present their case studies. Academicians will be invited to present conceptual papers on how these services will be marketed in the changed economic context.</p> <p>Collaboration, if any – Industry collaboration is being planned from the names mentioned in the objectives.</p> <p>Marketing Plan – to reach out to prospective audience/ contributors a digital media plan is being put in place. Mailers and personal calls to these prospective participants too is being planned. Faculty committee comprising senior and younger faculty members constituted for successful planning and execution.</p> <p>Sponsorship: Will attempt to reach out to Shared Services Aggregators.</p> <p>Plan for Conference Proceedings – Publish selected papers in IUP Journals.</p>

28.20 Accreditations, Ratings & Rankings

AACSB

(Prof. V S P Rao will brief the meeting)

- The Initial Self Evaluation Report (iSER) has been approved by the Initial Accreditation Committee (IAC) during the first week of August 2016—followed by a detailed note (known as ‘decision letter’) which has come from IAC on 9th September, 2016 outlining the action steps that need to be initiated immediately
- The decision letter, essentially, wants the School to (i) increase the number of qualified faculty in all categories; (ii) outline a detailed long term plan for developing faculty across all categories; (iii) indicate the progress made on the Assurance of Learning front, and (iv) submit an ISER update before June 16, 2017 after getting the document evaluated by the Mentor.
- Keeping the above requirements in the background, the AACSB Team has prepared the iSER Update throwing light on the following issues
 - ♦ Progress achieved by the School (June 01, 2015 – May 31,2016)
 - ♦ Strategic initiatives – enrollments, placements, alliances, revenues, curricula changes, research output etc
 - ♦ Intellectual capital scores and Assurance of Learning Cycle I Results
 - ♦ Summary report regarding how the concerns indicated by IAC are addressed
 - ♦ Key performance indicators of the School The AACSB team has created **20 performance indicators**—consisting of the following items that are going to be measured using data generated through a comprehensive questionnaire.

Key performance Indicators for measuring School’s Progress

Courses / Content / Diversity	Faculty Deployment Development	Student Satisfaction	Rankings / AOL
<ul style="list-style-type: none"> • Course success rate • Graduation rate • Employment rate • Gender diversity • Regional diversity 	<ul style="list-style-type: none"> • Faculty sufficiency • Student faculty ratio • Faculty qualifications • Intellectual capital • Research output 	<ul style="list-style-type: none"> • Teaching • Classroom • Program content • Program evaluation • Services • Physical environment • Campus life • Goal achievement 	<ul style="list-style-type: none"> • Rankings • Internationalization • Media quotes, citations & coverage • Assurance of Learning Results

- Before January 10, 2017, the draft version of the ISER update will be sent to the Mentor for his comments. As things stand now, the School is able to address some of the major gaps which were reported previously—including

- ♦ Reduce the numbers in Other category from 74 to 20
- ♦ Bridge the gap in respect of career progression of students who have been placed previously
- ♦ Enhance ICs of faculty members—including cases, research articles, conference papers, book chapters etc.
- ♦ Conduct all three appraisals regarding teaching effectiveness of faculty
- There are, however, two major milestones to be crossed where certain glaring gaps still stare at us in the form of skewed distributions of ICs (especially where nearly 25 per cent faculty have very little publications to show) and cut down the numbers in ‘Other’ category
- To meet this problem the AACSB Team along with the Director have brainstormed at length and came forward with the following action plan:
 - ♦ Transfer Soft Skill trainers to a separate division—since they offer their services to other divisions of IFHE as well (after getting approval from the Mentor—who readily supported this initiative)
 - ♦ Look at the possibility of transferring faculty with zero ICs to other divisions of IFHE
 - ♦ Classify 5 members as IFHE faculty
 - ♦ Eliminate Adjunct faculty—especially in ‘Other’ category
 - ♦ Motivate faculty to improve their scores, especially those cases where the gap is not a big one in terms of ICs
 - ♦ Put healthy pressure on research scholars to complete their thesis (simultaneously releasing them from the teaching load)—already a good number of scholars have either submitted their thesis or on the verge of completing the dissertation work.
 - ♦ There are, however, three major gaps that need to be addressed and the School has enough time to cover the ground within the next couple of months—including (i) improving AOL cycle II results,--this exercise must begin immediately after submitting the ISER update for all students (ii) reducing skewed distribution in ICs, (iii) cutting down the numbers in Other category & improving faculty head count in SA, PA, IP & SP classifications (already the recruitment drive is on and that should improve the numbers in SA category within the next 2/3 months—apart from the School’s own doctoral students completing the work.)
- In view of these healthy & encouraging developments, the AACSB Team feels that after reporting the above facts clearly (both the positive and negative sides of the coin) to the Mentor, a request should also be placed seeking the visit from the Peer Review Team at the earliest.
- During the period under review the AACSB Committee met on the following days:
 - ♦ October 15, 2016;
 - ♦ December 12, 2016;
 - ♦ December 19, 2016.

28.21 Admission Status

- i. The Admission process schedule of B.Tech programme for the next academic year 2017-18, for Class of 2021 is presented below:

Sl. No.	Activity		Schedule Date
1	ATIT Test Dates:		
	Online	:	May 08-20, 2017
	Offline	:	May 07, 2017
2	Declaration of Results	:	May 30, 2017
3	Dispatch of Selection Letters	:	May 31, 2017 onwards
4	Date of Interview	:	June 26-30, 2017
5	Commencement of Classes	:	July 24, 2017

28.22 Review of Teaching

a. **Mid Term Examinations**

- Test 1 (Mid-Term examination) for the current students of 1st, 3rd, 5th and 7th Semesters was conducted from September 27-October 1, 2016.
- Test 2 (Mid-Term examination) for the current students of 1st, 3rd, 5th and 7th Semesters was conducted from October 24 -28, 2016.

b. **End Semester Examinations**

- End-Semester examinations for the current students of 1st, 3rd, 5th and 7th Semesters were conducted during December 01-13, 2016. Results have been sent for approval.

c. **PhD program in Basic Sciences**

- Three students (1 in Physics and 2 in Chemistry) have been admitted into PhD program (Full-Time). The class work started from November 01, 2016.

28.23 Revision of B.Tech Curriculum

Background

- ❖ Originally the B.Tech programme structure was adopted from BITS Pilani curriculum in the year 2002
- ❖ In the year 2011, curriculum was revised based on the requirement and needs of the time.
- ❖ After a gap of 5 years and looking at changing curriculum and structure at various National important technical Institutes like IITs, NITs and a few Deemed Universities, it is felt to look into the revision and restructuring of curriculum.
- ❖ The new curricula of IITs, NITs and along with ABET accredited Deemed Universities have been examined and studied before arriving at the new proposed curriculum for FST, IFHE.

- ❖ A 13 Member committee was constituted to look into the revision and restructuring needs of the new curriculum.
- ❖ A Proposed curriculum from the committee was put before Board of Studies(BoS) comprising of external members, Prof. M.S.Shunmugum, IIT Madras, Prof.K.Siva Kumar, IIT, Hyderabad, Prof. K Baskar, NIT Trichy, Prof. S Bapi Raju, IIT Hyderabad along with internal members.
- ❖ BoS held extensive discussions and thoroughly revised the proposed curriculum
- ❖ All Changes suggested and agreed upon in BoS were incorporated in the new curriculum and approved by Academic Council.

The salient features of the New Curriculum are:

- ❖ Most contemporary and matching, pace with the needs of Industry
- ❖ Importance on System Engineering & Design
- ❖ A number of New Theoretical Courses and Practicals have been introduced
- ❖ Strong Mathematical foundation
- ❖ Bench Marking with IITs & NITs and Deemed universities.
 - Introduced emerging areas witnessed in Industry like Data Analytics, Big Data, Smart grids that require a strong mathematical background.
 - Humanities and Social Sciences based courses finds increased weightage in Institutes core courses along with for first time a group of HS courses offered in open electives.
 - An optional slot provided for interested students to earn extra credits by doing a project, if they have the minimum credit requirements,
- ❖ Electives introduced from 3rd year onwards so that it would be advantageous for the students before they go for recruitment drive in the VII Semester
- ❖ Comprehensive viva voce along with personality development program introduced at the end of 3rd year in order to make the students industry ready in terms of both domain knowledge as well as holistic personality.
- ❖ The final semester provides for undertaking project either with Industry or in the university.

Comparison of Old and New Curriculum in terms of Number of Subjects in Various Categories

Category	New Curriculum	Old Curriculum
Basics Sciences	4	4
Mathematical Sciences	5*	4
Humanities & Social Sciences	5	2
Engineering Sciences	8	8
Programme Core	18	16
Programme Electives	4	6
Open Electives	2	0
Total	46	40

* Lab Components added in Numerical Methods and Probability & Statistics in New Curriculum

➤ Faculty member feedback

Faculty member feedback for Semester I, III, V and VII is presented below:

Category	Feedback Range	No. of Subjects taken by Full Time Faculty
I	>9.00	8
II	8.0 – 8.99	41
III	7.0- 7.99	39
IV	6.0-6.99	17
V	5.0-5.99	4
VI	<5.0	1

The Faculty Members with a feedback of less than 6 have been individually counseled and their progress will be monitored.

35.	Leela Ch.	Interaction of two counter propagating shock waves in air	The 25th National Laser Symposium,	Sponsored by the Board of Research in Nuclear Sciences, Department of Atomic Energy, Department of Physics, School of Applied Sciences, KIIT University, Bhubaneswar. Dec 20-23, 2016

F. Weekly Seminars Conducted (July - December 2016)

During the review period, the Faculty has conducted 59 faculty seminars. The details are presented below:

Sl. No.	Paper Presented by	Title	Seminar Date	Number of Participants
Computer Science and Engineering				
1.	R Balamurali	A Refined Integrated MAC and Routing Protocol to mitigate Hotspot problem in WSN using Quantification Algorithm	Jul 10, 2016	9
2.	R. Balamurali	Mitigating Hotspot Problem in WSN.	Jul 12, 2016	5
3.	Shubhangi Urkude	Visualizing Big Data with Augmented and Virtual Reality: Challenges and Research issues.	Jul 19, 2016	6
4.	Prof: Ajeet K Jain	Preparing a Caselet and Case Study – A Snapshot	Jul 20, 2016	7
5.	Sirisha Potluri	Cloud based Disaster Management System	Jul 27, 2016	4
6.	Sathya	Multimedia Databases	Aug 2, 2016	9
7.	Sathya	Map Reduce : Simplified Data Processing on Large Clusters	Aug 9, 2016	8
8.	S Vairachilai	Introduction to Latex	Aug 16, 2016	8
9.	K. Venkatasubbaiah	Some studies on Performance Improvement of Multi-Channel Multi-Radio Wireless Mesh Networks.	Aug 29, 2016	8
10.	Varaprasad	Introduction to Virtualization	Aug 30, 2016	8

Sl. No.	Paper Presented by	Title	Seminar Date	Number of Participants
11.	H. Nandini	A Literature Survey on Digital Image Processing Techniques in Character Recognition of Indian Languages	Sep 6, 2016	6
12.	R. Balamurali	Mitigating Handoff Call Dropping in Wireless Cellular Network : A Call Admission Control Technique	Sep 21, 2016	5
13.	V. Srinivasamurthy	Inside Google : How to Get the Best of Google Searches	Sep 27, 2016	9
14.	Ajeet. K. Jain.	Semantic Web Applications for System Engineering	Oct, 7, 2016	8
15.	S. Vairachilai.	A Proof of concept : Processing the Dynamic Network using Open Source	Oct 14, 2016	5
16.	Sirisha.	Quality of Service in Cloud Manufacturing System	Oct 18, 2016	5
17.	H. Nandini	Document Image Binarization using Global Threshold Method	Oct 25, 2016	9
18.	K.Varaprasad	CISCO Packet Tracer	Nov 11, 2016	6
19.	K. Venkata Subbaiah	Predicting performance of channel assignment in wireless mesh networks through statistical interference estimation	Nov 15, 2016	5
20.	U.Shubhangi	Visualizing network traffic data using frequent pattern mining and hyper graph	Nov 22, 2016	7
Electronics & Communications / Electrical & Electronics				
21.	K. Kishore Kumar	A New PCA based Hybrid Color Image Watermarking using Cycle Spinning - Sharp Frequency Localized Contourlet Transform for Copyright Protection	Jul 22, 2016	10
22.	Saswati Paramita	Efficient Low Power MAC Protocol for Wireless Body Area Sensor Network	Jul 27, 2016	9
23.	T.N. Murthy	Meta Material Antennas for Wideband Applications	Jul 29, 2016	9
24.	D.V. Nair	Simulation Study of Power Systems: New England Power System a Case Study	Aug 3, 2016	11
25.	P. Chandrasekar	Embedded Systems and the Internet of Things	Aug 19, 2016	7
26.	K.Harika Devi	The Hadoop Distributed File System for Big Data	Sep 7, 2016	9
27.	H. Sudheer	Implementation of Improved Sensorless SVPWM-DTC of Induction Motor using Optimized BFA based PI Speed Controller on TMS320F2802X Platform	Sep 13, 2016	10
28.	G. Sucharita	Face Recognition of Illuminated Images using DWT and PCA	Sep 26, 2016	9
29.	L. Koteswara Rao	Application of Local Patterns to Face Recognition: A Study	Sep 30, 2016	9
30.	Ranganadh Narayanam	A Voice Activity Detection (VAD) Based on Zero Crossing Rate and Energy of a given speech signal	Oct 28, 2016	11
31.	D.Ganesh	Distributed generation and Renewable integration: Forecasting tools and smart grid paradigm	Nov 3, 2016	11
Civil Engineering				
32.	Priya S Natesh	Review on "Experimental Evaluation of Thin Composite Floor Assemblies under Fire Loading"	Jul 4, 2016	2
33.	Sarit Chanda	Finite Element Analysis	Jul 28, 2016	7
34.	Priya S Natesh	Case study on Madrid Windsor tower fire , 12-13th February'2005	Sep 06, 2016	3
35.	I.V.Sharma	Design of tunnels using Rock mass classification systems'	Oct 31, 2016	4
36.	Manisha Gunturi	Experimental study on strength properties of problematic soils with RBI – 81 stabilizer	Nov 16, 2016	7

Sl. No.	Paper Presented by	Title	Seminar Date	Number of Participants
Mechanical Engineering				
37.	A Manmadhachary	Additive Manufacturing in Bone Replacement	Aug 3, 2016	15
38.	Kumar Abhishek	Optimization of Machining Performance Characteristics during Turning of CFRP (Epoxy) Composites using TLBO	Aug 10, 2016	17
39.	Raghunath Reddy	Performance Prediction of Vapor Compression Refrigeration System using Artificial Neural Network	Aug 17, 2016	14
40.	K Vivekananda	Finite Element and Experimental analysis of Ultrasonic Vibration-Assisted Turning (UVAT) Process	Aug 24, 2016	12
41.	M L Pavan Kishore	Effect of Material Behavior on Dynamic Characteristics Determination of Marine Propeller Blade using Finite Element Analysis	Aug 31, 2016	12
42.	Swayam Bikash Mishra	Parametric Appraisal of Tensile Strength of FDM Build Parts	Sep 14, 2016	13
43.	Mantra Prasad Satpathy	Effect of Process Parameters on the Mechanical Strength of Al-SS Ultrasonic Spot Welded Joint	Sep 21, 2016	11
44.	Abhishek Kumar Dewangan	Experimental Studies on Bio-Waste Battery	Oct 6, 2016	12
45.	Ch. Rajesh	Free Vibration Analysis Of Visco Elastic Sandwich Beam Using Euler Bernoulli Theory	Nov 2, 2016	13

G. Weekly Seminars Planned (January-June 2017)

The faculty members plan to conduct **72** faculty seminars in the next coming months. The details are presented below:

Sl. No.	Faculty Name	Topic	Date
Computer Science and Engineering			
1.	K.Varaprasad	NFV(Network Functions Virtualization)	Jan 18, 2017
2.	R. Balamurali	Introduction to Compressive Sensing	Jan 25, 2017
3.	H. Nandini	A comparative study on document binarization methods	Feb 1,2017
4.	Vairachilai.	Community detection algorithm	Feb 8,2017
5.	Rohini	Image Retrieval : Current Techniques ,Promising Directions and Open issues	Feb 15,2017
6.	Shubhangi	Visualizing Network Data	Feb 22,2017
7.	R. Balamurali	Java Hibernate	Mar 1, 2017
8.	Vairachilai	Implementation of Complex Network Properties in Real world Network	Mar 8, 2017
9.	V. Srinivasamurthy	Designing a Set of Information Security Metrics to Ensure Organizational Security Objectives are met	Mar 15, 2017
10.	Sirisha	QOS driven MAX-MIN Heuristic Algorithm in Cloud Computing for Task Scheduling	Mar 22, 2017
11.	Gautham Kumar	On Security and Performance Enhancement in Elliptic Curve Cryptography	Mar 29, 2017
12.	Sirisha	Analysis of QOS based Task Scheduling Algorithms in Cloud Computing	Apr 12, 2017
13.	Gautham Kumar	Green Computing: Research Trends	Apr 19, 2017
14.	V. Srinivasamurthy	Information security Issues in Cloud Computing	Apr 26, 2017
Mathematics			
15.	Anjanna Matta	Double Diffusive Flow in Horizontal Layer	Jan7, 2017
16.	P. Vijaya Kumar	Graded secondary representations in graded modules	Jan 20, 2017
17.	G. S. Mohan Reddy	Evaluation of Ramanujan Sums	Feb 13 ,2017
18.	D.Subbarao	Boolean Vector spaces	Feb 22, 2017
19.	S.Srinivas Rau	Numerical Evaluation of $L(d,1) / L(d,2)$	Mar 1, 2017
20.	Anjanna Matta	Double diffusion Hedley Prandtl flow for Inclined Porous Flow	Mar 8 ,2017
21.	P.Vijaya Kumar	General Graded Structures	Mar 15, 2017
Electronics & Communications / Electrical & Electronics			
22.	L. Koteswara Rao	Line Edge Binary Patterns for Image Retrieval	Jan 06, 2017
23.	K. Kishore Kumar	Age Invariant Face Recognition using Multiple Descriptors	Jan 20, 2017
24.	Saswati Paramita	Energy Efficient Low power MAC Protocol for WBASN,	Feb 07, 2017
25.	G. Sucharita	Excellent Texture and Shape Features per CBIR	Feb 14, 2017
26.	M. Pavani	Agricultural Monitoring using Nivaran	Mar 10, 2017
27.	Shakeel Hashmi	5G Wireless Technology	Mar 30, 2017

Sl. No.	Faculty Name	Topic	Date
Civil Engineering			
28.	Priya S Natesh	Review on Flexural Capacity of Composite Beams Subjected to Fire: Fiber-Based Models And Benchmarking	Jan 19, 2017
29.	Sarit Chanda	Application of Active Control in Elevated Water Tank	Feb 2, 2017
30.	Manisha	Foundation on Expansive Soil	Feb 23, 2017
31.	I V Sarma	A DEM Analysis of Step-Path Failure Jointed Rock Slopes	Mar 16, 2017
Mechanical Engineering			
32.	Mantra Prasad Satpaty	Characterization and Parametric Optimization of Dissimilar Material Joints using Ultrasonic Spot Welding	Jan 6, 2017
33.	Avinash Malladi	A Review on Additive Manufacturing & its Various Applications	Jan 11, 2017
34.	D.V. Raghunath Reddy	Performance of Capillary Tube Length by ANN	Jan 18, 2017
35.	K Vivekananda	Advances in Metal Cutting	Jan 20, 2017
36.	P. Murali	Latest Trends in Automobile Engine Design	Jan 27, 2017
37.	Ch.Venugopal	A Review on Basic Fundamentals of Power Plant Engineering	Feb 1, 2017
38.	Abhishek Dewangan	CFD Simulation of Multiphase Flow	Feb 3, 2017
39.	A Chandrashekhar	Kinematics, Workspace, Design and Accuracy Analysis of a Parallel Robot	Feb 8, 2017
40.	G Suresh Kumar	Multiphase Flow Simulation Of Gasifier	Feb 10, 2017
41.	Ch Rajesh	Vibration Analysis of Smart Fixed Free Beam.	Feb 15, 2017
42.	Priyanka Chatteraj	A Review of Parameters Influencing EDM	Feb 17, 2017
43.	Mantra Prasad Satpaty	Numerical Modelling of a Novel Horn and Parametric Optimization of Ultrasonic Welding Process using Desirability Approach	Feb 24, 2017
44.	Avinash Malladi	A review on 3D Bioprinting Techniques	Mar 1, 2017
45.	D.V. Raghunath Reddy	Review of Nano Materials using Vapour Compression Refrigeration System with Hydro Carbon Refrigerants	Mar 8, 2017

H. Conferences Conducted:

During the period under review, the Department of Mechanical Engineering conducted the First International Conference on Emerging Trends in Mechanical Engineering (ICETiME-2016) during September 23-24, 2016. The conference was sponsored by CSIR. The details are presented below:

Sl. No.	Title	Date	No. of participants	No. of papers Received	No. of Papers Accepted	No. of Papers presented	Papers Presented from IFHE	Remarks
2.	First ICETiME-2016	Sep 23-24, 2016	280	280	160	152	18	8 Key note lectures by the eminent researchers from Industry & Academia

The conference was inaugurated by the Vice Chancellor Prof. J. Mahender Reddy. The Chief Guest was Prof. S. K. Sarangi, Former Professor, IIT Kharagpur and Former Director, NIT Rourkela.

The conference has received 248 abstracts out of which 160 were selected. Two hundred and eighty delegates from India and overseas are participated in an international conference out of which 152 have presented their research papers. Eight keynote lectures by the eminent researchers from Industry & Academia were arranged during the conference, which helped the delegates to explore newer areas of research.

Six international papers were received from US, Malaysia, Sweden, Saudi Arabia, South Africa, and Europe. Twelve papers were received from various companies viz. L & T (Surat), Electro Steel Limited (Bokaro), ESSAR Steel India limited, Fluid Control Limited (Pune), Tata Steel Limited (Jamshedpur), Regen Power Tech (A.P), Crompton Greaves Ltd. (Mumbai), Wipro Technologies (Hyderabad) etc., and 19 papers were received from IITs, NITs, DRDO, RCI, Indian Institute of Carpet Technology, Indian Institute of Information Technology Design and Manufacturing and National Institute of Construction Management and Research.

Eight keynote lectures were delivered by eminent researchers from academia and industry, during the sessions of the conference. The keynote speakers were:

Sl. No.	Keynote Speakers	Organization	Topic
1.	Prof. Om Prakash Yadav	North Dakota State University, Fargo, USA	Reliability Engineering Challenges in Product Design and Development
2.	Prof. (Col). Aditya Parida	Lulea University of Technology, Sweden	Big Data and Predictive Analysis as Emerging Technology Solutions
3.	Prof. M K Tiwari	IIT Kharagpur	Process and Service Platforms in Digital Manufacturing Environment
4.	Prof. C S Kumar	IIT Kharagpur	Robotics, Automation and 3D printing as applicable for Industry 4.0
5.	Prof. S K Sarangi	Former Professor, IIT Kharagpur and Former Director, NIT Rourkela	Cryogenics in everyday life
6.	Prof. V. Ganesan	Former Professor, IIT Madras	Recent Advances in Automotive Engineering
7.	Mr. Guru Prasad Kuppu Rao	Director, Imaginarium India Private Ltd, Mumbai	Future of Manufacturing in Changing Markets and Customer Driven Demand
8.	Dr. Tarapada Pyne	Reliability and Asset Management Expert, Manufacturing Center of Excellence, SABIC, Saudi Arabia	Emerging Trends in Mechanical Machinery Diagnostics: Education and Opportunities

Seventeen parallel sessions were conducted. Various academicians, technical experts, industry delegates, research scholars, foreign delegates and students participated and deliberated on recent trends in mechanical engineering in these sessions.

Six best paper awards were awarded – four in each theme (Thermal, Industrial Engineering, Design and Manufacturing) and two in UG/PG papers.

Conference proceedings have been published in the form of a book bearing the ISBN No: 9788131427941. Twelve papers have been selected for publishing in IUP Journal of Mechanical Engineering.

We generated revenue of Rs.5,15,000. The details are presented below:

Revenue Generated

Sl. No.	Details	Amount in Rupees	Remarks
1.	Registrations	300000	(Academic, industry, student and research scholars)
2.	Sponsorship	165000	-
3.	CSIR	50000	Yet to receive based on audit report to be submitted by the university
	Total	515000	

I. Conferences / Seminars / Workshops Planned to Host

A Two-Day National Conference on ‘Recent Advances in Electronics (NCRAE-II), during February 24 – 25, 2017.

The department of ECE & EEE is organizing second National Conference on “Recent Advances in Electronics (NCRAE-II)” during February 24 – 25, 2017. A series of keynote addresses from eminent academicians and researchers are planned. Delegates will present the research findings in the conference leading to exchange of knowledge on advances in field of electronics and electrical engineering.

Leading electronics manufacturing firm (Govt. undertaking) ECIL along with C-DAC Pune, have agreed to associate as official sponsors of the conference. C-DAC Pune, has agreed for platinum sponsorship of Rs 75,000 and ECIL for Gold sponsorship of 50,000/-. IBM has agreed for sponsoring to the tune of Rs 20,000.

28.26 Participation in Training Programs by Faculty Members

a) Participation in Global initiative on Academic Network under the aegis of MHRD, Government of India

Sl. No.	Name	Department	Course	Hosted by
1.	Avinash Malladi	Mechanical	Finite Element Method,	IIT, Hyderabad, July 14-24, 2016
2.	Sarit Chanda	Civil		
3.	Priya S. Natesh	Civil	Behavior and Design of Structural Systems in Extreme Thermal Loading Conditions including Fire Affects	IIT, Hyderabad, July 11-22, 2016

b) Physics Training and Talent Search programme

“Physics Training and Talent Search” (PTTS) programme aims to identify talented students, provide a platform to interact with peers and experts in the field, and nurture their talent for a research career in physics. This year’s PTTS was sponsored by the Infosys Science Foundation and conducted at the Regional Institute of Education, Mysuru, during December 9-24, 2016 for fifty handpicked students from various parts of the country. Celebrating Physics in a free environment devoid of the pressure of competitions and examinations is

the philosophy of the program. Professors with both domain knowledge and pedagogical skills act as facilitators. Dr. Elizabeth Zacharias from IFHE, Hyderabad, Prof. SVM Satyanarayana from Pondicherry University and Prof. Goutham K Samanta from PRL, Ahmedabad were the resource persons this year. The Coordinators of the programme, M Sivakumar, from University of Hyderabad and Prof. Raghavan Rangarajan from PRL, Ahmedabad ensured that the students got the opportunity to spend time with eminent Physicists. The luminaries with whom the students could interact were Prof. Shrinivas R. Kulkarni from Caltech, Prof. Ashoke Sen from HRI, Allahabad and Prof. Rajaram Nithyananda, Former Centre Director at the TIFR Centre for interdisciplinary science, Hyderabad. The student response to PTTS was overwhelming.

28.27 Placements of B. Tech. Students (Class of 2017)

The placement process for the class of 2017 B.Tech students started from August 2016. To date 76 students were placed in 19 organizations. The details are presented below:

- Placement Preparatory training classes by FACE concluded on October 7, 2016. Company specific trainings are being conducted prior to any placement process by companies.
- Employment assessment tests such as AMCAT and Cocubes are arranged on November 4, 2016 and November 15, 2016 respectively

The following activities are conducted to the students to help them in the placement process:

- Mock GD and PI sessions are being arranged for the students on a regular basis
- Training in domain knowledge is provided by the FST faculty members

28.28 Student Activities

Three guest lectures and one workshop were conducted during the period under review. The details are presented below:

Sl. No.	Activity	Topic	Delivered by	Date	No. of participants
1.	Guest Lecture	Modern Electronics in Embedded Computers	Dr. Gopal Naik, Scientist F, Research Centre for Immarath, Hyderabad	Aug 18, 2016	60
2.	Guest Lecture	Plasma Technology	Dr. Niraj Kumar, Scientist, CEERI-Pilani	Aug 25, 2016	75
3.	Guest Lecture	Briefed on the Consultancy Projects on a. 3 Degree of Freedom, b. Installing the server motors for Antenna stabilization, c. Missile Trajectory finding	Mr. Sundararajan, Director, Kalyani Technologies	Aug 25, 2016	45
4.	Workshop	Introduction to MATLAB & Simulin	Faculty of Science and Technology	Aug 31, 2016	35

The other activities organized by the FST students during the period under review are:

Sl. No.	Activity	Details	Date	No. of participants
1.	Fresher's Party	All undergraduate sophomores of FST, BBA and FOL welcome their Juniors during this one-day event. Cultural events were major attraction of this party. At the closure, Mr. & Ms. Fresher title was conferred to smart & dynamic students of each faculty.	Sep 09, 2016	1300
2.	Aavahan 2k16-Engineer's Day Celebration	Conceptualized to celebrate in the memory of Sir Vishweshraya, 150th birth Anniversary, the event showcased a grand Technical Exhibition wherein more than 40 Technical models prepared by FST students applying innovative ideas were displayed. Number of technical competitions were also organized which witnessed overwhelming participation by the B Tech students.	Sep 20, 2016	667 students from FST + 100 (Intermediate students from Sri Gayatri College and St. Alphonso secondary school)
3.	Sport's Meet for Girls in ORO sports club	12 girl students from FST participated in the National sports meet for women organized for promoting Breast Cancer eradication program at ORO sports club, Hyderabad	Oct 15-16, 2016	11
4.	Blood Donation Camp	This camp was organized in association with Lion's Club Hyderabad at FST, inside the Auditorium. 146 units of blood were collected from the students. The event was coordinated by the Student Activity Committee of FST.	Oct 17, 2016	146

28.29 Other Activities

a) Extramural Lectures / Workshops

- Department of CSE has organized a two-day faculty development program on Cloud Computing with MS AZURE during July 29-30, 2016. Mr. Anurag Bhatnagar, Principal Architect - Global Microsoft Practice, Hyderabad was a speaker for this event.
- Mr. Gopal Naik Rathod, Scientist F, Research Centre Imarat, DRDO, Hyderabad, delivered a lecture on the topic 'Real Time Embedded Electronics applications in Missile Navigation' on August 18, 2016.
- A National Level Workshop on "Introduction to MATLAB and Simulink" was organized under the aegis of ECE and EEE departments of Faculty of Science and Technology (FST), IFHE (ICFAI Foundation for Higher Education) for the students on August 31, 2016, in association with The Institution of Electronics and Telecommunication Engineers Students' Forum. Mr. Prem Kumar J, Product Manager-MathWorks, Capricot Tech. Pvt.Ltd., Hyderabad was the chief resource person.
- Mr. B. Srinivas, Kalva Engineers Pvt. Ltd, delivered a lecture on the topic 'Career Prospects with NDT' on September 7, 2016.

E. Student Activities

- Mr. Nalluri Chandra Vamshi, participated in the **3rd Indo-Bhutan rural games**, held during October 15-16, 2016 at Phuentsholing Bhutan, on the occasion of Indo-Bhutan youth exchange program. He was the member of Indian Throw-Ball (under 19 years) Team that won Gold Medal at the event.
- Ms. Siri Sakhamuru was Ranked 13 in 10M Air Pistol by National School Game Federation during the year 2015-16.
- INITIUM (Fresher's Party) was conducted by students of Faculty of Law, Faculty of Management and Faculty of Science and Technology. This was held in the Campus.
- Student Editorial Committee was formed. The students of Faculty of Law initiated "**The Student**" **Online Magazine**. The November 2016 issue was released. The magazine is bi-monthly and next issue is due in the third week of January 2017.

F. Student Clubs

➤ Knight Rangers (Sports Club)

Students from Semester VII participated in the Cricket Competition held at the “Viruddhaka” a Sports Meet conducted by NLSIU, Bhopal, during October 13-16, 2016.

G. Moot Court Activities:

- a. Pardha Sarathi and Virgil Briganza Participated at the 17th National Client Consulting Competition conducted by Kerala Law Academy Moot Court Society during November 12-13, 2016, at the Kerala Law Academy (KLA) Campus, Peroorkada, Thiruvananthapuram.
- b. Pardha Sarathi and Virgil Briganza Participated at the the 5th UPES National Client Counselling Competition, organized by College of Legal Studies, University of Petroleum & Energy Studies (UPES), Deharadun during November 18-20, 2016.
- c. Nazeeruddin, Pravalika and Team participated in the Second Prof. N. R. Madhava Menon National Mooting Competition – 2016 held at Lloyd Law College, in association with Menon Institute of Legal Advocacy Training (MILAT) and Society of Indian Law Firms (SILF) during December 3-4, 2016.

H. Future Conferences / Seminars / Workshops / Competitions

‘Lex –Festum’ –March 22 – 26, 2017 consisting of competitions inviting the law students from all parts of the country (national level competition)

- i. NJY Memorial Moot Court Competition
- ii. Judgment Writing Competition
- iii. Client Counseling Competition
- iv. Poster preparation (on topic of legal nature)
- v. Essay Writing
- vi. Debate (Asian Parliamentary Debate)
- vii. Street Play (Socio-Legal issues)
- viii. Photography

28.33 Research and Publications

A. Research Summary (July – December 2016)

During the period under review (July-December 2016), our faculty members have published 8 papers in peer reviewed journals, presented 14 papers in conferences held in India and also conducted 14 faculty weekly seminars. The details are presented below:

28.41 Website (Prof. G V Muralidhara will brief the meeting)

The updating and posting of the announcements about events, conferences etc., are being done regularly as per requirements of the stakeholders. We have uploaded the list of research scholars pursuing PhD on our website as required by UGC. An exclusive portal has been created for the 10th Doctoral Thesis Conference that provides details about the conference and submissions.

We are yet to consider and approve the revised website design of IFHE website proposed by HQ, since we have not received any feedback from the stakeholders.

Prof. S V Seshaiyah, Director, IBS, Dr. S Vijay Lakshmi, Dean Academics and faculty members graced the event by their presence.

- **Soft Skills Workshop:** September 9, 2016

In this workshop, the junior team members of Alumni Relations Cell were taught how to communicate with the alumni and the company heads. Senior team members gave a brief about pitching in for the sponsorships required for our events.

- **Rendezvous 2016:** September 17, 2016

Rendezvous is one of the flagship events of the ARC (Alumni relations Cell) of IBS Hyderabad and is an occasion for the senior alumni to meet on a common platform and catch-up with one another. Rendezvous 2016 was organized for the alumni of the batches from 1995 to 2010. It was held on September 17, 2016 at the Grand Ball Room, Hotel Taj Krishna, Hyderabad.

The scintillating event was inaugurated by Dr. S V Seshaiyah, Director, IBS Hyderabad. In his inspiring address to the alumni, the Director impressed them with the successful TRICK (Teaching, Research, Institution Building and Community Service, Knowledge Sharing) Model followed at IBS Hyderabad.

It was followed by cake cutting by the alumni. The alumni along with their spouses and children were treated to some delectable games conducted by the members of ARC.

Fifty eight alumni, 86 family members of alumni, 8 placement officers, Secretary IBSAF, 8 members from headquarters and Director, Dean & Area Coordinators from IBS Hyderabad attended the event. Twenty-six ARC members did a meticulous job in organizing the event.

- **Guest Lecture:** November 18,2016

Mr. Sayantan Sengupta, Director, Deloitte and former Director of Cognizant, Hyderabad, and an alumnus from the batch of 1998-2000, delivered a guest lecture to IBS Students on November 18, 2016. The lecture focused on business strategy and gave an in- depth knowledge about blue ocean strategy.

- **Nostalgia 6.0 :** November 26, 2016

Nostalgia, the flagship event of Alumni Relation Cell is a one-day fest where alumni from all IBS campuses and diverse backgrounds come together to network with each other. The essence of this meet is to recreate memories from the past and enable them to meet each other. The highlight of Nostalgia is the Mentorship program, where the current batch of IBS Hyderabad, gets an opportunity to be mentored by their esteemed alumni. Sixteen alumni mentored about 70 MBA students. A cultural program was organized in the evening.

- **Mentorship Program:** November 26, 2016

The program witnessed 16 alumni from various profiles, mentoring students on current prospects in the market with respect to students' interests, the requirements of companies need and how to fortify themselves with the skills needed to stand out from others in the market. The mentees were impressed with the changing trends in the field of Marketing, Finance, HR, and Operations.

'India needs to invest in education at all levels'

R. RAVIKANTH REDDY

The country needs to invest in education and in building human capability to take advantage of the opportunities offered by a multi-polar world, said Sanjaya Baru, former media advisor to the Prime Minister of India.

Mr. Baru, who is also distinguished fellow at the United Service Institute of India, honorary senior fellow at Centre for Policy Research, and consulting fellow for India at the International Institute of Strategic Studies, London, emphasised that India has to invest in education at all levels, and in building human capability, it needs to take advantage of the emerging shift in the global economic balance from the Western countries.

With Europe losing its competitiveness, Asian countries, including China and India, would soon catch up with the

developed world, provided these countries invest in building human capability. The shift of the global balance of power from the West to other countries has geopolitical implications in terms of trade, environment, and intellectual property protection.

C. Rangarajan, Chancellor of the university, agreed with Mr. Baru. Emerging technology could create problems in the western countries. Technology should assist the humans and not try to replace skilled labour, he said.

Further, Mr. Rangarajan said that the per capita income of India has to increase in the coming years in order to fast track the growth of the economy.

J. Mahender Reddy, Vice-Chancellor, recalled the contributions made by Sri Yasaswy in building a great institution and putting it on the path of excellence.

Hyderabad: India has to invest in education at all levels and in building human capability to take advantage of the emerging shift in the global economic balance from the Western countries, said Sanjaya Baru, Distinguished Fellow, United Service Institute of India.

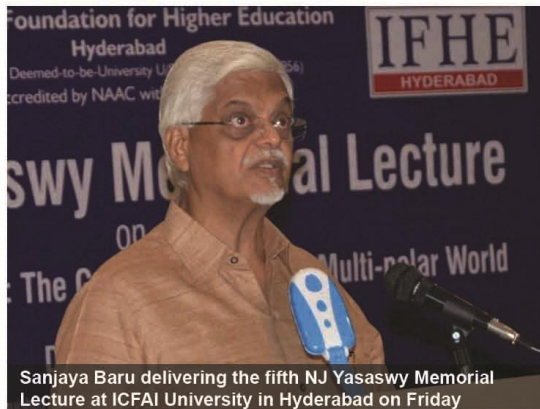

"The global balance of power is moving towards multi-polarity in which a shift in the distribution of power is being witnessed. Power is no longer concentrated in the hands of one or two coun-

tries. In such an environment, India needs geo-political stability to achieve growth. The country needs to invest in education and in building human capability to take advantage of the opportunities offered by a multi-polar world," he said.

Delivering the fifth N J Yasaswy memorial lecture on Friday, Baru said with Europe losing its competitiveness, Asian countries, including China and India, would soon catch up with the developed world, provided these countries invest in building human capability and well being.

India needs geo-political stability for growth: Sanjaya Baru

Sanjaya Baru delivering the fifth NJ Yasaswy Memorial Lecture at ICFAI University in Hyderabad on Friday

“Knowledge is the single most important attribute of power in the modern world”

In today's scenario of multi-polarity in which power is no longer concentrated in the hands of one or two countries, India needs geo-political stability to achieve growth, according to Sanjaya Baru, Distinguished Fellow, United Service Institute of India.

Baru, who is also a Honorary Senior Fellow, Centre for Policy Research and Consulting Fellow for India at the International Institute of Strategic Studies, London, was delivering the Fifth NJ Yasaswy Memorial Lecture on 'The West and the Rest: The Geo-economics of a Multi-polar World' at the ICFAI University campus in Hyderabad on Friday.

“The country needs to invest in education and in building human capability to take advantage of the opportunities offered by a multi-polar world,” he said.

The shift of the global balance of power from the West to other countries like India and China has geo-political implications in terms of trade, environment and intellectual property protection, he added.

“With Europe losing its competitiveness, Asian countries, such as China and India, would soon catch up with the developed world, provided these countries invest in building human capability and well being. The shift of the global balance of power from the West to other countries like India and China has geo-political implications in terms of trade, environment and intellectual property protection,” Baru noted in his speech. “Knowledge, that is human capability, is the single most important attribute of power in the modern world,” he said.

C Rangarajan, Chancellor of the University and former RBI Governor said emerging technology could create problems in the western countries. “Technology should assist the humans and not try to replace the skilled labour,” he said.

In his welcome address, J Mahender Reddy, Vice Chancellor, ICFAI recalled the contributions made by Yasaswy in building ICFAI and setting it on the path of 'excellence'.

IBS professor emerges best-selling case author

Prof. Debapratim Purkayastha, associate dean of ICFAI Business School (IBS), Hyderabad, bagged top spot at the the United Kingdom-based Case Center's best selling case authors for the year 2015-2016.

The list of 40 top designated authors were chosen from over 8,000 case writers from across the world who are currently registered with Case Centre. About 19,000 copies of his cases were sold last year. The other best selling authors include professors from internationally reputed B-schools like Harvard Business School, IMD, INSEAD, and Stanford Graduate School of Business. Each of these prestigious institutes bring their own perspective to the case method and the art of case writing, a press release said.

J. Mahender Reddy, the Vice-Chancellor of ICFAI University, said this was an outstanding achievement. "IBS puts great emphasis both on case teaching and writing, as we think that these two go hand in glove and enhance the quality of management education," he said

Seminar on consumer protection and law

SPECIAL CORRESPONDENT

The ICFAI Law School, an affiliate of ICFAI University, Hyderabad, organised a national seminar on 'consumer protection and the law: issues and challenges,' where Justice U. Durga Prasad Rao, Judge in the High Court of Judicature at Hyderabad, explained the importance of the Consumer Protection Act.

Justice Rao said the world has been witnessed tremendous growth in consumerism over the past three decades. The enormous growth also paved the way for unfair trade practices, he said, warning the consumers to be aware while buying goods.

J. Mahender Reddy, Vice-Chancellor, ICFAI, presided over the event and affirmed that the university was com-

mitted to strengthen the research area.

R. Venkat Rao, Vice-Chancellor, Ashok R. Patil, chair professor in consumer law and practices, National Law School of India University, Bengaluru, and A. Rajendra Prasad, Vice-Chancellor of Acharya Nagarjuna University, participated as the guests of honour.

Sessions

The seminar was divided into five technical sessions — consumerism and competition law, consumer redressal mechanism and consumer empowerment, consumer and media: reflections and resolutions, e-consumerism: problems and perspectives, and medical mishaps: legal and ethical issues.

About 35 delegates participated and 44 papers were presented from across India.

Entrepreneurial ecosystem vital for clean tech enterprises

OUR BUREAU

Hyderabad: Pointing out the huge opportunity for the Clean Technology industry in India and the world, Fred H Walti II, Co-Founder of Los Angeles Clean Tech Incubator, identified that a well developed entrepreneurial ecosystem is vital to support and encourage growth of enterprises in the Clean Technology industry.

He was delivering a lecture on "Innovation and Incubation of Clean Tech Market" at ICFAI Foundation for Higher Education, organised in association with the US Consulate General, Hyderabad.

Noting that climate change affects poor the most and Clean Technology will touch every part of life, Walti, also observed that a lot of effort is being put in devel-

oping technologies in the area, the delivery of these products and services to the masses needs to be addressed. He also stated that the future of Clean Technology is bright and it will provide lot of opportunities for the Industry.

Walti, also mentioned that the Clean Technology entrepreneurship support system is not uniform across locations and economies and networking and

cross learning can help to improve this. He also noted the rapid strides being made by India in the area of renewable energy and expressed his appreciation for the ambitious target of the Government of India to install 175 GW of solar power by the year 2022 in the country.

The lecture attended by the faculty, students and staff of the university.

'Industry, varsities must complement each other'

FOR INDUSTRY INTERFACE: Anthony Boccanfuso, President of University-Industry Demonstration Partnership, Washington D.C., interacting with students at ICFAI University. — PHOTO: BY ARRANGEMENT

Industry and universities can complement each other and their partnerships would lead to mutual benefits, said Anthony Boccanfuso, President of the University-Industry Demonstration Partnership (UIDP), Washington D.C.

He was speaking on 'Preparing Students for Careers in Industry' at ICFAI University organised in partnership with the US Consulate General, Hyderabad.

Mr. Anthony explained how a business spends maximum resources on R&D while universities and colleges spend their research budgets on carrying out basic research. Therefore,

industry and university can complement each other's efforts. Universities can benefit from their collaboration with business as it can lead to substantial funding. He said industries can benefit through university collaboration by getting access to talent, ideas, facilities and non-technical expertise.

Welcoming the speaker, J. Mahender Reddy, Vice-Chancellor, ICFAI University, said that the university believes in a strong industry interface and emphasises on preparing students for successful careers in industry with the right combination of knowledge, skills and attitude.

Economists should study big data: Rangarajan

OUR BUREAU

Hyderabad, July 22

Economists and econometricians should study big data instead of leaving it to other specialists, according to Dr C Rangarajan, former Chairman of the Economic Advisory Council to the Prime Minister.

"Big data's ascendancy will bring about a shift in the way data is analysed," he said in his special address at the 5th International Conference on Applied Econometrics organised by IBS Hyderabad in collaboration with the Indian Econometrics Society (TIES).

As data processing was tak-

ing new directions, the areas of applications for economics and econometrics were also diversifying.

"Though big data has arrived, big insights are yet to arrive," he said.

He added that the relationship between real sector and financial sector could be explored.

Former director of Delhi School of Economics and chairperson, Madras Institute of Development Studies, KL Krishna, said the use of applied econometrics had improved in the recent past and there was a need to encourage theoretical work, according to a release.

fessor and director, Delhi School of Economics, and chairperson, Madras Institute of Development Studies, spoke on the ‘credibility revolution in applied econometrics’. He traced the evolution of econometrics over the years and said that in India the progress of econometrics has been remarkable.

Prof. Bandi Kamaiah, dean, School of Economics, University of Hyderabad, and president of TIES, said that with globalisation and the availability of high frequency data and high speed computers, econometrics has progressed rapidly. Dr. J. Mahender Reddy, Vice-Chancellor of the university also spoke.

Case studies of ICFAI going global

Richard McCracken, director, The Case Centre, U.K., the largest repository of management case studies in the world, appreciated the case study team of the ICFAI Business School and said that they will be seen as ambassadors of the case study method in India. He was speaking at a function organised at IBS to present awards to case authors who won the annual Case Centre Awards and Competitions-2016.

Mr. McCracken gave a presentation on the topic 'from local to global: the impact of the case method'. He praised the practice of case-based learning at IBS, and said that the cases developed by IBS were used in some of the best business schools and corporate organisations in the world. He particularly commended the development of culturally diverse cases at IBS, saying that in a globalised world, cultural knowledge and understanding are highly sought after.

Speaking about the worldwide impact of case studies from IBS, Mr. McCracken said 6,000 cases from IBS that were part of The Case Centre repository accounted for 10 per cent of the case collection, 7.5 per cent of the global sales, and 7 per cent of best sellers. In 2015, the cases from IBS were used by 870 business schools in 75 countries. The case studies from IBS have won eight Case Centre Awards since 2011, a press release said.

Dr. J. Mahender Reddy, Vice-Chancellor, ICFAI University, traced the institute's association with the Case Centre and how it had provided a platform to reach out to a global audience. Mr. McCracken presented the award in the 'ethics and social responsibility' category to Prof. G.V. Muralidhara and Namratha V. Prasad, authors of the case 'IKEA in Russia: ethical dilemmas'. Another award was given to Prof. Debapratim Pukayastha and Tangirala Vijay Kumar for their case 'Netflix: leveraging big data to predict entertainment hits', which won the Case Centre award in the 'knowledge, information, and communication systems management' category.
