- 3) All the faculties shall nominate their faculty members/staff, subject to their availability, for the FDPs organized by ISC.

- 4) FDPs with external resource persons are preferable for some topics. This would require a budget for which ISC shall put up a note for approval on need basis.
- 5) It was suggested that the FDPs which are conducted online may be offered to ICFAI Group institutions. This would contribute to capacity building in the ICFAI Group. This would also have a positive contribution for the accreditation process.
- 6) ISC shall circulate the upcoming FDPs of AICTE Training and Learning (ATAL) Academy to all the faculties for enabling faculty nominations. All nominations would be documented and monitored by ISC.
- 7) ATAL Academy was set up to plan and help in imparting quality technical education in the country and to support technical institutions in fostering research, innovation and entrepreneurship through training in various emerging areas. Under its auspicious, Regional Offices of ATAL Academy along with ATAL Cells are offering FDPs in various cutting-edge areas. IBS faculty members are eligible to attend these programs, which are currently conducted online. ISC shall facilitate participation of faculty members in the FDPs organized by ATAL Cells. ISC shall also encourage, promote and facilitate faculty members to propose FDPs under the ATAL Academy.

Apart from the FDPs conducted by ISC, all the faculties of IFHE may conduct the FDPs for their faculty members/staff. For such programs, the Schools should include ISC as a stakeholder and share the full details of the program such as flyer, program schedule, resource persons, participant particulars, photos, recording link and a brief note on the program. This data would be maintained by ISC and used for purposes of reporting and other statutory compliances.

Besides the FDPs in traditional areas we should also conduct training programs in emerging areas.
