	2019-20	2018-19	2017-18
Full Time	1	3	11
Part Time	1	2	2

#### Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>IFHE is committed to honoring the commitments made to its stakeholders in the academic programs offered in all the faculties' viz., Business Management, Law, and Science and Technology. The academic year 2019-20 was extraordinary due to clamping of nationwide lockdown requiring innovative solutions. IFHE responded by embarking on technology-driven solutions to deal with the academic challenges with student-centric approach by imparting synchronous online classes. Investments were made in IT infrastructure. Faculty members, professional staff and administrators were trained for implementing change management. Google Meet, Cisco Webex, etc. were deployed for conducting online classes. Faculty members were empowered in using apps for recording attendance and other controls to monitor the students online. Sessions were recorded on Cloud so that students can revisit them for deepening their learning. Faculty members used Google Classroom for better engagement in the learning processes. Interactive presentation tools such as Whiteboard, Mentimeter, Google Forms, etc. were used for conducting online quizzes for engaging students.</p> <p>Students were oriented to attend the classes online and adapt to the new synchronous learning process. They were provided know-how and do-how on online co-curricular and extra-curricular activities for overall development. Faculty members mentored them in effective implementation of various club activities. Study materials viz., textbooks and case studies were made available in soft copies. Unlimited access to online platform was provided for carrying on group projects. LMS, developed in-house, became an integral part of academic delivery and assessment.</p> <p>In a short time the eco-system was geared-up expeditiously and innovatively using technology-based support systems to ensure students are able to understand, assimilate, apply and recall the academic content as well as develop them holistically. Faculty members were trained to develop online proctored assessment practices. Faculty teams developed question banks for conducting assessments. Students were given mock online assessments. Online control rooms were set-up during assessments to assist students and faculty members to deal with technical glitches.</p> <p>Online Classes: Time-tables were prepared for online classes providing enough breaks to deal with fatigue. Mentor-mentee interaction sessions were scheduled to address students who could not cope with the new learning environment. Consultation hours were incorporated to clear doubts. Guest lectures were significantly increased to bring in industry perspectives to classroom.</p> <p>Online Assessments: Proctored online examinations were held using Google Meet and in-house LMS. An open book evaluation approach was adapted by training the faculty members to prepare question papers. A proctor was allocated for a batch of 40 students.</p> <p>Student Feedback: Online feedback collected from the students on the course delivery and performance of each faculty member was reviewed for course corrections.</p> <p>Internships: Faculty and company mentored internships were held successfully for all students.</p> <p>Pre-Placement Training: For the outgoing students in various faculties, online training was conducted by industry experts for making them placement ready.</p> <p>Placements: Placements continued through online after mid-March '20 and 95% placements were achieved.</p> <p>Motivation: Both the faculty members and students were monitored and timely interventions were made by the senior leadership teams for seamless transition to online environment.</p>		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	0
