

Soch 2.0: A Performance for Gender Equality and Social Justice

Participation in IMT Hyderabad

*Under the spotlight at IMT Hyderabad's IMPELZ 9.0, as part of "Amaya," Moving Mannequins enthralled the audience with their captivating performance "Soch 2.0" on **November 26, 2023**. Our performance was a dance between vulnerability and defiance. With each step on stage, we shattered the silence surrounding marital rape, leaving a haunting echo of its consequences. The fashion society's extraordinary performance not only showcased exceptional creativity but also elevated the college's representation to new heights. Through impeccable design, choreography, and coordination, the society's members delivered an outstanding display of talent. This remarkable performance not only impressed the audience but also contributed to enhancing the college's reputation in the realm of fashion and creative expression. Our team of 14 members that represented IBS Hyderabad secured the first runner-up position in the competition, captivating both judges and audiences with our exceptional performance.*
